

Dear Fellow Real Estate Professionals,

The Corona Virus Pandemic has truly changed life as we know it, and is making our jobs in the Rental Industry extraordinarily challenging. In addition to intensified care and concern for the health of our staff and residents, we are now being stripped of any legal relief for those residents not paying rent, bad behavior or regaining units we need possession of; and enduring the adjournment of cases already on the court calendar we have waited months for, due to the HSTPA of 2019.

We understand your level of frustration and are committing to providing you with the best support, ideas and guidance we can to help guide you through these difficult times. We also are URGING EVERYONE to contact their local Congress Person, Assembly Person and Senator, acknowledging that the Small Business Property Owners and Rental Industry will certainly do our part to help during this critical time, but seriously need their financial help to sustain our businesses as we experience the fall out.

In the coming days, please look for our sample letter, in addition to other materials and links that may prove helpful to you on our websites NYCRAA.com and UnderOneRoofNY.org. We are all in this together and are here for you during this challenging time.

Deb Pusatere

NYCRAA President

Under One Roof Coalition Co-Chair

Jaime Michelle Cain

NYCRAA Legislative Chair

Under One Roof Coalition Co-Chair
